

COVEN of New Orleans

YOU ARE ALL THAT IS

a prayer & meditation

BIBLE of New Orleans

@abrakinkopf

You, your I AM, your essence, is all that is. You are the multiverse, you are all desires, you are infinite and whole and pure love. Rest here for a while and savor your godliness.

Remember, the ego may have desires. But you — your essence, your I AM — you are all that is. You are the multiverse, the cosmos, the stars, all desires. You are shared eternal consciousness. You are whole. You are perfect just as you are.

The ego envies your beingness.

Rest here for a while and savor your godliness.

In Shiva, and love, and infiniteness.
